- CMS Presentation on Accounting During Transition Period
- Q&A

Progress Since Last Meeting

- SSHIX has been working with Carriers to address the EDI, Reconciliation, and Transition-related questions that were submitted during February-March. Please submit any additional questions to Eric Watt, transition project manager, at w.eric.watt@exchange.nv.gov.
- SSHIX has received the first in a series of test files related to our Consumer Data Migration. This puts us on track to confirm the feasibility of CMS' data format and transfer methodology by the end of April.

Revised EDI/Reconciliation Guides

- GetInsured has prepared an updated version of their 834 Companion Guide to address the questions/concerns raised by carriers during February-March.
- GetInsured has also updated their Reconciliation Guide. This document was referenced in the previous version of the 834 Companion Guide, but has not yet been distributed.
- Both documents will be distributed this week by Friday, 4/12 at the latest.

Upcoming GetInsured EDI/ Reconciliation Presentation

- GetInsured has prepared a detailed presentation describing the evolution of their 834 implementation (including the rationale for the additional data elements), their implementation of the RCNI file, and the monthly reconciliation methodology.
- This presentation will be delivered on Tuesday, 4/16, from 10am-11am PST. The presentation will be recorded for those unable to attend.
- An invitation for the presentation will be sent out following today's Monthly Carrier Meeting.
