Nevadans Can Now Preview 2027 Health Plans on Nevada Health Link

Plan Preview gives Nevadans an early look at coverage options and pricing ahead of the Open Enrollment Period beginning on November 1

CARSON CITY, Nev. (Oct. 5, 2026) – Nevadans can now shop and compare Qualified Health and Dental plan options on Nevada’s official health insurance marketplace, NevadaHealthLink.com, ahead of the Plan Year 2027 Open Enrollment Period, which takes place November 1, 2026 through January 15, 2027.

“Every year, we want to ensure Nevadans have the information they need to make confident decisions about their health coverage,” said Janel Davis, Executive Officer of Nevada Health Link. “During the window-shopping timeframe, individuals can see the plans and carriers available for 2027, including Battle Born State Plans, and get a better understanding of their coverage and cost options before Open Enrollment begins. Taking the time to compare plans now can make the enrollment process easier when it’s time to select coverage.

Leading up to Open Enrollment, Nevadans can check plan options and see if they qualify for financial assistance to help reduce the costs of monthly premiums through [Nevada Health Link’s pre screener](#) tool.

Battle Born State Plans (BBSPs) return for Plan Year 2027. Introduced last year, BBSPs offer the ten essential health benefits: hospitalization, doctor visits, emergency care, lab work, prescription drugs, and more. BBSPs are offered statewide by Health Plan of Nevada, Anthem (Community Care Health Plan of Nevada), and SilverSummit (Ambetter). Designed to slow premium growth and expand affordable coverage, BBSPs continue to deliver results. For 2027, BBSPs – paired with Governor Lombardo’s Market Stabilization Program – helped drive down average premium increases by nearly seven percent statewide, and in counties like Clark, by as much as 11 percent compared to projected costs without these programs.

Nevadans already enrolled through Nevada Health Link are encouraged to revisit their plan options and update their information on NevadaHealthLink.com.

“Coverage and costs change every year,” added Davis. “Actively shopping is the best way to make sure you’re getting the right plan for you and your family.”
